

SiteToolSet.com Launches On-Line Dynamic Widget for the American College of Phlebology (www.phlebology.com)

Dallas, Texas – November 2nd, 2009

SiteToolSet.com is proud to announce the launch of the Dynamic Widget site for the American College of Phlebology - <http://widgets.phlebology.org/widget/index.htm>. The goal of this is to provide tools for Doctors and clinics across the world to have dynamic content on their web sites provided by the College.

This site is built utilizing a combination of Windows Forms application, Macintosh application, Flash, RSS, XML and standard web pages. Key tasks for the project included:

1. Developing a windows based “widget” that a user can download and run on the user’s desktop
2. Developing a OS X based “widget” that a user can download and run on the user’s desktop
3. Building an XML driven flash for display content and retrieve “Ask the Expert” questions from users
4. RSS News feeds
5. Management tools for updating the widget and RSS feed content

SiteToolSet.com is focused on building powerful and effective web solutions based on DotNetNuke, Joomla, ASPDotNetStoreFront, VirtueMart and other tools. Combining our strong library of skins and modules along with our talented developers, we create e effective solutions for our clients.
