

SiteToolSet.com Launches www.hbbutchershop.com

Dallas, Texas – November 16th, 2009

SiteToolSet.com is proud to announce the launch of the e-commerce site, www.hbbutchershop.com. If you need a great tasking steak at a great price then check out the new web site. Hoffbrau Steaks has been in the business of great steak restaurants and supplying steaks for over 20 years. They are now bringing their products onto the web.

This site is built on ASPDotNetStoreFront e-commerce software. Our solution included customizing many of the standard e-commerce processes. Key project tasks included:

1. Create a new brand design for the web site
2. Integrating with UPS Powership for managing order shipments
3. Setting up special shipping and promotion logic
4. Complete configuration and setup of the ASPDotNetStoreFront software
5. Social media integration for Twitter and Facebook
6. Integration for order management with internal systems

SiteToolSet.com is focused on building powerful and effective web solutions based on DotNetNuke, Joomla, ASPDotNetStoreFront, VirtueMart and other tools. Combining our strong library of skins and modules along with our talented developers, we create e effective solutions for our clients.
